

HSAJET® MiniTouch MT-HP8

Touch Controller ideal for integration on
packaging lines - webs - inserters
- folders - collators

HP TIJ 2.5 technology

The HSAJET® MiniTouch is based upon the reliable HP TIJ2.5 technology which delivers consistent, high-quality, fast printing, exceptional value, and ease of use. If you're printing in high volumes an ink bulk supply system can give you an even more cost-reductive solution.

Robust design

The elegant and durable Stainless steel housing underlines the robust design perfect for installation in production environments. The USB port is found on the side of the MiniTouch. A small cover protects it when not in use.

No time between prints

While first print is in action next print is ready to go.

Print at breakthrough speeds of up to 300 m/min in 300 x 150 dpi

- BITMAPS
- COUNTER
- FIXED TEXT
- MULTIPLE FONTS
- SHIFT CODES
- DATE & TIME
- BARCODES
- REAL-TIME PRINTING

Easy to integrate and use

With its compact design and integrated power supply, the printer fits where you want it. The unit is ideal for down-printing as well as side printing applications, i.e. on boxes or lay-flat materials.

Choose from ½" - 4" printheight

The HSAJET® MiniTouch MT-HP8 for HP45 cartridges is easily expanded in printheight. Mount the controller for easy access, and chose from a variety of heads to be connected. Connect up to 8 pens to the controller, either as single heads or with a distributor box in a combination of 1, 2, 3 and 4-pen printheads. You can choose to print one or two-sided with this controller.

5.7" Touch Interface

Use the touch pen or simply a pointed finger to control the MiniTouch printer. Illustrative, easy to understand icons lead you through all phases of building your printjob making printing simple and fast.

Technical Details

HSAJET MINITOUCH MT-HP8

Easy-to-use icon-based printer software
